

KAREN MURPHY'S COUNTRY CONNECTION

I recently had the pleasure to attend a school program at Millthorpe Primary School for an afternoon of lawn bowls and fun. It was also a great assistance to be able to have both Karen Murphy and Millthorpe Bowling Club's Daniel McAlister in attendance for the afternoon activities.

The children of Millthorpe Primary School had a great day with the Australian Players and World Champion. Karen Murphy was very impressed with the talented country children. Karen went on to say that "this is where the champions are born...and there is a lot of talent on the green today."

The students were entertained with the various games and activities organised. The kids enjoyed the prizes and giveaways provided by Bowls Australia. There is a real possibility of getting the children back for some more Lawn Bowls next year as they really enjoyed themselves, as is evident in the photos below.

Lawn Bowls is truly a sport for everybody and "the sport for life!"
