## DECLARATIONS AND PERMISSION TO USE INFORMATION

All athletes must sign or place their mark. If the athlete is under 18, or if the athlete is without legal competency to sign, the second part should also be signed by the athlete's parent or legal guardian.

### ATHLETE DECLARATION (All Athletes must complete, by ✓ each box and signing below)

By signing this declaration I am saying that:

- a) I understand the eligibility criteria to compete as an athlete with autism.
- b) I give Sport Inclusion Australia permission to use information in accordance with the Sport Inclusion Australia Data Protection and Information Handling Policy.
- c) I give Sport Inclusion Australia permission to use this information to decide whether I am a person with autism for eligibility and sports classification and to share this information with relevant organisations including, but not limited to, National Sport Organisations.
- d) As far as I know, all the information in my application is true and accurate.
- e) I understand what the information in this form is being used for, or I have had this explained to me.

# II-3 School Sport Eligibility: Fact Sheet

Sport Inclusion  
AUSTRALIA

## We Are Sport Inclusion Australia

Sport Inclusion Australia is a national sporting organisation established in 1986 to support the inclusion of people with an intellectual impairment – including intellectual disability and/or autism – into the mainstream community through sport. We are the national organisation responsible for processing eligibility applications for athletes with an intellectual impairment.

## What is II-3 Eligibility?

Eligibility is the set of criteria used to determine whether an athlete with Autism meets the requirements to compete in II-3 designated school sport events. To be eligible, the required evidence must be provided.

### Autism Diagnosis

The initial formal diagnosis of Autism is required as evidence. The Autistic specific tools that are accepted are listed below:

- ADOS/ADOS2 (Autism Diagnostic Observations Schedule)
- ADI-R (Autistic Diagnostic Interview - Revised)
- CARS (Childhood Autism Rating Scale)
- DISCO (Diagnostic Interview for Social and Communication Disorders Framework)
- GARS (Gilliam Autism Rating Scale)
- AAA (Adult Asperger Assessment)
- RIMLAND (Autism Diagnostic Instrument)
- ASRS (Autism Spectrum Rating Scales)
- ISAA (Indian Scale for the Assessment of Autism - for ages 2-9 only)

In some cases where the above tools have not been used but specific comprehensive evidence has been gathered by a multi-disciplinary team and mapped against either the ICD 11 or DSM 5 frameworks this may be acceptable at the discretion of the eligibility panel.
